### FARM ASSURANCE IS VITALLY IMPORTANT

A large number of abattoirs are now only accepting farm assured cattle and as such we strongly advise vendors to become registered with an approved body.

**BEEF SCHEMES – NAMED SIRE**

Named sire cattle particularly Angus, Hereford, Shorthorn and Devon breeds are of particular importance when selling stock at market. Stringent measures are now in force, specifically **DNA testing**, when animals enter rearing units and/or at the point of slaughter to check that they are by the registered sire provided. If you run a number of bulls of different breeds, we advise either keeping the bulls separate or DNA testing the calves to make sure the correct breed and sire is selected at time of registration. **If at point of sale you are not 100% sure, please DO NOT sell your animal(s) with a registered sire.**
