BEEF SCHEMES: NAMED SIRE

Named sire cattle particularly Angus, Hereford, Shorthorn and Devon breeds are of particular importance when selling stock at market. Stringent measures are now in force, specifically **DNA testing**, when animals enter rearing units and/or at the point of slaughter to check that they are by the registered sire provided.

If at point of sale you are not 100% sure, please DO NOT sell your animal(s) with a sire.

The financial implications of providing an incorrect sire at point of sale will be considerable.
