11. We accept no responsibility for animals incorrectly entered as a result of insufficient information and/or lack of a fully completed entry form.
12. **FARM ASSURANCE:** To sell an animal as farm assured they must have been on a farm assured holding for a minimum of 90 days prior to the date of sale. Farm assurance certification is linked to all the holdings that an animal has been on in the last 90 days. If any holding in the last 90 days is not farm assured, the animal is classified as non assured. All holding numbers that your stock will use must either be linked to your farm assurance number or have a farm assurance number in their own right. Please affix a valid farm assurance sticker on your entry form. NO STICKER = SOLD AS NON ASSURED.

13. **NAMED SIRES:** Stringent measures are now in force, specifically DNA testing, when animals enter rearing units and/or at the point of slaughter to check that they are by the registered sire provided. If you run a number of registered bulls of the same breed, please make sure you specify either which bull sired which animal or provide all possibilities on your entry form. If you run a number of bulls of different breeds, we advise either keeping the bulls separate or DNA testing the calves to make sure the correct breed and sire is selected at time of registration. If at point of sale you are not 100% sure, DO NOT sell your animal(s) with a registered sire. There will be financial penalties if the sire declared proves to be incorrect.
14. **6 DAY STAND STILL:** Movements must not take place from a holding where any cattle or sheep have been moved onto that premises in the last six days.
15. **EAR TAG REQUIREMENTS:** All cattle and calves MUST have two complete ear tags prior to leaving the farm and be accompanied with a full passport to match. It is illegal to move any cattle without this correct identification in place. If you are unable to tag an animal, please contact Trading Standards prior to sending your animal as they may grant you a dispensation in exceptional circumstances. The market is NOT allowed to tag any animal regardless of the circumstances.
16. **CORRECT DETAILS ON PASSPORTS:** It is very important to have the correct details, particularly gender, on all passports. Please check all passport details and officially amend any errors through BCMS prior to sale. Please do not make any amendments/alterations by hand on the passport under any circumstances.
