Wednesday 28 June Crime Prevention with the Rural Affairs Unit**9am to noon - Frome Livestock Market**

This is an opportunity for our farming community to engage with the Rural Affairs Unit about the best preventive measures to adopt on their farms and prevent rural theft. We will be providing a limited number of agricultural trailer marking kits, free of charge, to attendees at the market; thanks to our colleagues at National Farmers Union (NFU) and Datatag. One of the best ways to deter criminals is to ensure farm vehicles are marked using security or forensic markings.

Join us for a question and answer session with Avon and Somerset Police Chief Constable Sarah Crew and representatives from the NFU.

This will be a chance for the farming and rural community to pose their questions to the Chief and the Rural Affairs Unit.

**Wednesday 28 June Crime Prevention with the Rural Affairs Unit
9am to noon - Frome Livestock Market**

This is an opportunity for our farming community to engage with the Rural Affairs Unit about the best preventive measures to adopt on their farms and prevent rural theft.

We will be providing a limited number of agricultural trailer marking kits, free of charge, to attendees at the market; thanks to our colleagues at National Farmers Union (NFU) and Datatag. One of the best ways to deter criminals is to ensure farm vehicles are marked using security or forensic markings.

Q&A with the Chief Constable 11.30am -12.15pm

Join us for a question and answer session with Avon and Somerset Police Chief Constable Sarah Crew and representatives from the NFU. This will be a chance for the farming and rural community to pose their questions to the Chief and the Rural Affairs Unit.

My heating engineer Lloyd has been informing me about the new 'wonder fuel' HVO! (Hydrotreated Vegetable oil) currently being trialled in over 100 homes in UK. Apparently after 2026 we shall NOT be able to install a new fossil fuel boiler. Heat pumps are very expensive, and he says to convert (to a HP) costs round 11000k per home(before extra insulation) Contact this site to learn more:
