### **GRAZING COWS**

An outstanding entry of Blue & Limousin grazing cows from new vendors Twyning Ash created furious bidding. Best Blue x Herefords to a massive £1970 with other Blues at £1600. Limousin from the same home at £1690.

### **YOUNG CONTINENTAL**

A blistering trade throughout today and generally a shortage of the best single suckled types. It was certainly a case of grass fever this week. 7mo Charolais steer at £1140 and £1000 from Neil & Sharon Glover. A quite outstanding consignment of Limousin (13-14mo) once again from Tom & Martin Bartlett; they were well rewarded for making the trip from Weymouth with steers at £1610, £1545 and £1475. More Dairy x Continentals than Beef types this week. JC & MJ Mayo & Son's Simmental x 16mo steers to £1200 with heifers at £1070. Smaller 8mo Dairy x Blue steers from Tom Lawrence & Sons saw unprecedented bidding to £850 and £800. More well-presented Simmental Dairy x steers & heifers from Merryfield Farmers 13-14mo £1260 and £1050. Demand stronger again this week.

## Chaplain's Prayer

'Two are better than one, because they have a better return for their labour. If either of them falls, one can help the other up' (Ecclesiastes 4, v 9-10) We give thanks this week for the way in which The Farming Community Network volunteers try to walk alongside others in friendship ❤️ we pray for all those who feel themselves to be friendless, especially within our own farming community. Here are the numbers and emails you can contact, completely confidentially...FCN: 03000 111 999, [help@fcn.org.uk](mailto:help@fcn.org.uk) RABI: practical care, guidance, financial help to all farming people...0808 281 9490 and in an emergency Samaritans, 365 days 24h, 116 123, [jo@samaritans.org](mailto:jo@samaritans.org)

A carbon project development company... Regeneration Earth launched a CARBON CREDIT MARKETPLACE. This offers farmers/landowners the opportunity to generate £100/tonne of carbon! Selling credits they earn for managing their land in a more sustainable way! It's currently 4/5 times more than elsewhere in the market. This approach seems to me to be a positive way forward to help tackle climate change ....

May has for some years been earmarked as national walking month (something we farmers are well practiced at!!) An annual celebration of walking promoted by several charities in both urban and rural areas...

Gracious God, As I pass others who share the paths of life with me, I hold them in your presence! Those who smile and nod hello; those who look down with wearied eyes; those who walk joyfully forward with expectations and also those with heavy hearts and wounds both mental and physical; those who are busy and overly anxious...May each one know your grace today O God, your provision, beauty, and your Peace! ❤️ 🙏

Myself and my colleague Paul Watts(FCN) are here at the market most Wednesdays... please do approach us for a chat about anything at all...We don't bite, and won't judge you!!

Remember your neighbours as you would yourself 🙏
