Vaccinations: Whole herd vaccinations to regular youngstock vaccinating, reminders, deliveries, and administration.

Scoring: Mobility, Condition, Rumen: Our VetTech is a ROMS trained mobility scorer, providing you with a clear and simple report helping to improve herd health and meet the increasing standards demanded by Red Tractor and many milk contracts. Each report shows the progress since the last assessment and problem cows are clearly identified for treatment if required.

Jade Scot-Delgleish Our
New VetTech

Calf Routines: are new services we are offering for youngstock. These include growth checks/calf weighing, disbudding, vaccinations, colostrum immunity testing and reports. These routines ease your workload and ensure youngstock are getting quality and regular care, keeping every animal up to date with disbudding and vaccinations and taking the pressure off you. You can make use of these services at a frequency that works for your farm e.g. weekly, fortnightly or monthly.

Fly control: We have a new way to deal with the pesky flies that drive us all mad every year. Clover Friendly Flies are pteromalid wasps, also known as fly parasites. They attack fly larvae, reducing the number of larvae that turn in to flies. This is a sustainable approach to fly control, leading to less fly treatment being needed for your animals and in the parlour.

Small Holder Services: We are offering full detailed health calendars and services to help our smallholders stay on top of routine treatments, such as hoof care, vaccinations, faecal egg counts, worming and much more. Our VetTech will provide regular reminders for routine interventions and can attend your holding to give any help needed in administering treatment.

Samples: Our VetTech is trained to collect a variety of samples for diagnostic testing e.g.

Faecal egg counts, bloods, milk samples for disease identification and will issue reminders for routine testing.

Anything else?

Or if you just need extra hand for few hours, whether that is needing extra labour for your tb test, vaccinating, or even just getting sheep in from the field ready for lambing, give us a shout and we might be able to help. It can save you paying someone for all day or if you're struggling for staff.

Chaplain's Prayer

This prayer is especially fitting for a farmer 😊

'Your Spirit, Lord, is around me in the air I breathe; your glory touches me in the light that I see and the fruitfulness of the earth and the joy of its creatures! You have written for me your revelation, as you have granted me my daily bread; teach me how to receive it with gratitude, thanks and Joy!'

The Last government had published the league tables for the top 20 councils taking firm action against fly tipping..... over half of these councils are in London!? Of the rest, only very few are within what is classed as a rural area 😞 Fly tipping is now a major issue for farmers and can cost £000's to have rubbish removed by a licensed contractor. See link <https://tinyurl.com/3pfhnszp> for more information....

Here's numbers you will need if you need help with farming or familial problems that you are struggling with and are getting you down 😊 **FCN: 03000 111 999**
help@fcn.org.uk **RABI 0800 188 4444, Open mental health: 01823 276892,**
Samaritans: 116 123, jo@samaritans.org

I came across this very appropriate poem entitled ' **Don't Quit**': When things go wrong as they often will, when the road your trudging seems all uphill; When the funds are low and the debts are high and you want to sigh; when all is pressing you down a bit, rest if you must but don't you quit... Success is failure turned inside out, the silver tint on the clouds of doubt! And you can never tell how close you are ...it may be near when it seems far? So...stick to the fight when you're hardest hit, cos it's when things go wrong that **you must not quit!?**

At time of writing we are 3 days into the new Labour government! They will want to impress , so let's pray that our strong farming lobby will keep them in line with their promises to help the farming and rural community!?

I can be reached on 07880770887 😊 Remember to check on a neighbour you may not have seen in a while?

Blessings and love to you all ❤️
