## Chaplain's Prayer

Last week was **Remembrance Day** on Sunday 10....❤️ 'Father of all, remember your Holy promise, and look with love on all your people, living and departed ❤️ On this day, we especially ask that you would hold forever all who have suffered during war, and those who returned scarred by warfare; those who waited anxiously at home, and those who returned wounded and disillusioned mentally and physically; those who mourned and those Farming communities that were diminished and suffered loss. Remember those who acted with kindly compassion, those who bravely risked their own lives for their Comrades and who in the aftermath of war worked tirelessly for a more peaceful world. As you remember them, remember us O Lord; Grant us Peace in our time and a longing for the day when people of every language, race and nation will be brought into the unity of Christ's Kingdom! This, as always, we ask in the name of Jesus Christ our Lord and Saviour...❤️ Amen.'

Please, if you recognize that a farming friend is struggling to cope with life...for any reason call(if they ask you to!) ...or maybe they just need fellowship?...FCN(The farming community network)03000 111 999; [help@fcn.org.uk](mailto:help@fcn.org.uk) The Royal Agricultural Benevolent Institution (RABI) 0808 281 9490; Samaritans free helpline 116 123...

All involved with farming will have heard the unwelcome news about the reduction in the Agricultural Property Relief and how this decision will affect whether a farm can viably be handed on to the next generation? British farms are already stretched to breaking point after a decade of tightening margins, cost inflation, and extreme weather events...it will also make producing food more expensive, meaning either the supply chain or the consumer will bear the brunt! However, farmers are fighting back! Tomorrow (Tuesday 19) NFU are coordinating a mass lobbying event in London... There's still time for the government to accept they've got this impending Legislation very wrong, and it's really not in the best interests of UK farmings future? Bit of better News is that the overall **Agricultural Budget** for England has been maintained for 25/26 at £ **2.6 billion**....Also, The **Farming Recovery Fund**(to help those affected by extreme weather) has been increased immediately by £10m to **£60million**🐵

Hopefully you will have a peaceful happy week! For now ...Your Loyal Yokefellow,  
Neville Dyke (Chaplain to Frome Livestock Market Auctioneers) mob: 07880770887
