BLUE TONGUE UPDATE

On Tuesday 21st January 2025 DEFRA announced the start of the 'Low Vector period' for Blue tongue meaning that midge activity is much lower due to a lower temperature. As a result, Blue Tongue movement restrictions have been changed to allow cattle and sheep to travel from inside the restricted zone to a Livestock Market outside of the restricted zone subject to a negative Blue Tongue test.

Cattle and Sheep can now come to Frome Livestock Market from a restricted zone providing they have been pre movement tested for Blue Tongue. Please contact your local vet to arrange a test. A general licence must also be obtained from DEFRA.
