Vaccinations: Whole herd vaccinations to regular youngstock vaccinating, reminders, deliveries, and administration.

Scoring: Mobility, Condition, Rumen: Our VetTech is a ROMS trained mobility scorer, providing you with a clear and simple report helping to improve herd health and meet the increasing standards demanded by Red Tractor and many milk contracts. Each report shows the progress since the last assessment and problem cows are clearly identified for treatment if required.

Julie Scott-Dalgleish Our
New VetTech

Calf Routines: are new services we are offering for youngstock. These include growth checks/calf weighing, disbudding, vaccinations, colostrum immunity testing and reports. These routines ease your workload and ensure youngstock are getting quality and regular care, keeping every animal up to date with disbudding and vaccinations and taking the pressure off you. You can make use of these services at a frequency that works for your farm e.g. weekly, fortnightly or monthly.

Fly control: We have a new way to deal with the pesky flies that drive us all mad every year. Clover Friendly Flies are pteromalid wasps, also known as fly parasites. They attack fly larvae, reducing the number of larvae that turn in to flies. This is a sustainable approach to fly control, leading to less fly treatment being needed for your animals and in the parlour.

Small Holder Services: We are offering full detailed health calendars and services to help our smallholders stay on top of routine treatments, such as hoof care, vaccinations, faecal egg counts, worming and much more. Our VetTech will provide regular reminders for routine interventions and can attend your holding to give any help needed in administering treatment.

Samples: Our VetTech is trained to collect a variety of samples for diagnostic testing e.g.

Faecel egg counts, bloods, milk samples for disease identification and will issue reminders for routine testing.

Anything else?

Or if you just need extra hand for few hours, whether that is needing extra labour for your tb test, vaccinating, or even just getting sheep in from the field ready for lambing, give us a shout and we might be able to help. It can save you paying someone for all day or if you're struggling for staff.

DAIRY Start 11am

AUCTIONEER: TREVOR ROWLAND 07968 480401

CALVED HEIFERS TO £1860

Short on dairy this week, but plenty of trade for the heifers on offer. Two nice Fleckvieh freshly calved heifers for D A James & Son (changing farming policy) saw very keen demand and although generally smaller types topped at a strong £1860! 7th lactation older cows to £800. More cattle needed in this section.

PIGS (336) Start 10.15am

AUCTIONEER: BRADLEY TOWELL 07496 263916

A good show of pigs again this fortnight with regular quality consignments from repeat vendors which is great to see. Trade harder work as expected in line with national prices and demand, however all buyers present gave a fair but relative price to fill orders. As trade has dropped we recommend that vendors either see their pigs sold or leave a reserve price to avoid disappointment. Overall, all pigs sold and most vendors satisfied with their trade.

FAT PIGS (121)

A super run of 72 fat pigs from PB Weeks & Son topped at £170 for a pen of 8 with others to £160 (x 10), £155 (x 9), £155 (x 11) and £155 (x 10). A pen of 7 from Durnell & Sons to £158 (x 7) and £148 from RJ Maltby. Lighter weights £100 to £145 with 121 fat pigs averaging £145 overall.

STORE PIGS (77)

Weaners a fair trade despite the fat being less. Forward stores harder to place with a good shaped pen of 10 to £70 from N Legge and £65 from IC CA & JC Carter. Medium stores to £40 from DJ Winder. Younger weaners to £24 from SJ Bridger.

CULL SOWS/BOARS (138)

Sows and boars harder to sell in line with national trade and demand. Best meat sows to £150 with other heavy weights to £135, £120 and £115. Very little demand for boars unfortunately however all sold.

AMC

AMC changes in the Southwest.

Hello. I am AMC's new Regional Agricultural Manager for the Southwest.

My background has predominantly been with Lloyds Banking Group as a Commercial Relationship Manager, working with a range of clients and sectors over the last 25 years. I have experience in lending money to help clients grow and diversify their own businesses, and I'm looking forward to meeting local farming clients to help them to do the same.

We continue to work with agents Cooper & Tanner, and Symonds & Sampson in your area, and although I'll be out and about around my patch of Cornwall, Devon, Dorset, Somerset, Wiltshire, Hampshire, Berkshire and Bristol over the coming months, please still give me a call if you have any questions, or would like to discuss how I might be able to help.

Improving our support

There's been some significant changes at AMC of late too, including the introduction of annual reviews with clients, to try and identify any areas that may need support in the future, and to help them stay safe. We've also introduced new technology to improve the lending journey from application stage to funds being drawn, to keep clients better informed throughout the process, and there's also a new offering of a Defined Break Cost fixed rate loan (for loans under £1m) that provides clients with more information to make informed decisions on their finance requirements.

Our support teams have also significantly improved their service level agreements, with our Security Amendments Team on standby for a potential increase in volumes following the last Budget announcements, and as we head towards the end of the current tax year. If you have any questions or want to know more about how AMC can support your farming business, please contact your local agent or myself.

I look forward to meeting as many businesses as I can in the coming months.

STEERS TO £2180

HEIFERS TO £2180

A shorter entry as expected this week after two busy Candlemas sales with trade very much on a par seeing all cattle very well sold. Not as many stronger cattle forward this week however those consigned achieving some excellent prices with several over the £2000 mark. Some genuine consignments of breeding stock were competitively bid for resulting in all outfits coming to strong money.

COWS & CALVES

This week, included with our normal sale, saw the dispersal of a pedigree Limousin suckler herd for the Late John Kembery of Camerton. Being a regular supporter of Frome and a well-known figure in the store ring buyers were keen to purchase these grand types. The cows with 1-3mo calves at foot averaged £3000! In calf cows from the same herd always over £2500 and topped at £2800. The 3y/o stock sire 'Stourhead Shamrock' created super interest and saw a strong trade to £3900. A sad day but a wonderful tribute to John. A smart Fleckvieh heifer and her 1mo Angus heifer calf to £1820. A good herd reduction of Herford and Angus in calf cows from Rob and Charlotte Stott were all at top levels £1500-£1720, Fleshed grazing Simmental cows from the same home £1870!

YOUNG CONTINENTAL

Charolais steers from Derek & Graham Stevens had a wonderful day to £1500 and heifers at £1375. Purebred 8-11mo Limousin steers £1200 with 'U' Grade heifers at £1150 all from D Beatty Trowbridge. Dairy x young continentals forward from RG MJ & DC Ractliffe of Gloucester easily sold saw their Blue x steers 14-16mo from £1490-£1435 and 12mo at £1225. 10mo Simmental x from LO Clothier well sold at £1020. Tidy Blue x heifers again from the Ractliffe family to £1360. Tim Handy was well rewarded for making the trip from Swindon as his 4mo Blue x heifers peaked at £775! Overall, a super day in this section.

ANGUS

Some good consignments of Angus again this week; not quite the same show of strength on the week with mostly medium and longer term stores. OTM forward stores to £1780 from The Covey, £1760 from PW CC & JC Gould and £1700 from P Harraway & Co. Suckler- bred Angus heifers £1510 from RF & J Horler and dairy x to £1380 from LO Clothier with steers from the same home to £1595. Steers with growth and frame to £1580 for 18mo.
